

## Paul W. Price

Mr. Price is the Executive Director of the Napa County Transportation Planning Agency having joined the organization in January of 2009. Prior to that, he worked for Parsons, Brinckerhoff, Quade and Douglas as well as Booz Allen Hamilton between 2001 and 2008. Mr. Price has just finished his work on the Salt Lake City Commuter Rail as the Project Director. Between 2002 and 2006 Mr. Price was the Project Manager on the Nashville "Music City Star" rail project.

He came to the NCTPA with 34 years of Public Transit experience with private and public sector transportation projects and led the successful development and implementation of the Coaster Commuter Rail project in San Diego and the Sounder Commuter Rail project in the Seattle area in addition to the recent Nashville project. Mr. Price also led the planning and preliminary design efforts for the Oceanside to Escondido DMU light rail system, which began operation in February 2008.

Mr. Price has had considerable experience in transportation project planning, development, construction oversight, and operations of transportation efforts having worked for San Diego Transit and the North County Transit District (San Diego) for 24 years and Sound Transit in Seattle for 4 years.
